

Under the Hood: Safety Pilot Best Practices for Simulated Instrument conditions

Whether you are training for your Instrument rating or keeping current with your current instrument rating you may need to use a safety pilot. What is Safety Pilot? What are their required credentials? How do you pick a safety pilot? How to keep safe while flying with a safety pilot? This safety seminar will discuss this and many other aspect related to flying with a safety pilot in simulated instrument conditions.

Directions: Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
